PREAMBLE

Location of the site

The site of the works is located at Ichuni, Keroka, Kisii County.

Site Visit

The contractor is advised to visit the site before submitting the quotation, to ascertain the nature of site, nature of adjoining property and other services that are necessary for the smooth carrying out of the works. No claims arising from his failure to comply with this recommendation shall be considered.

Description of the works

The works entails:

1. Foundation/base construction for an elevated (15m) steel water tank (65m³) according to the attached drawings.
2. Pipe Laying and jointing of HDPE pipes (32mm - 63mm) – Trench excavation, Lay, joint, backfill, compact to engineers specifications.
3. Testing and Commissioning of the pipeline.
4. Construction of a Water Kiosk size 2m x 1.5m with a slab roof including all plumbing work and painting work as per the instructions of the engineer.
5. Construction of a plant house size 2.5m x 3m with normal iron sheets as roof cover including all plumbing work and painting work as per the instructions of the engineer.
6. Construction of piped water handwashing facilities as directed by the engineer.

Method of measurement

The bill of quantities have been prepared in accordance with the general principles of the standard method of measurement of building works for east Africa- second edition (metric).

Abbreviations

Through the bills, units of measurements and terms are abbreviated and shall be interpreted as follows:-

CM	Cubic Metre
SM	Square Metre
LM	Linear Metre
NO	Number
